**Consolidated Financial Statements for the
Years Ended December 31, 2025 and 2024 and
Independent Auditors' Report**

INDEPENDENT AUDITORS' REPORT

The Board of Directors and Shareholders
Eson Precision Ind. Co., Ltd.

Opinion

We have audited the accompanying consolidated financial statements of Eson Precision Ind. Co., Ltd. and its subsidiaries (collectively referred to as the "Group"), which comprise the consolidated balance sheets as of December 31, 2025 and 2024, and the consolidated statements of comprehensive income, changes in equity and cash flows for the years then ended, and notes to the consolidated financial statements, including material accounting policy information (collectively referred to as the "consolidated financial statements").

In our opinion, the accompanying consolidated financial statements present fairly, in all material respects, the consolidated financial position of the Group as of December 31, 2025 and 2024, and its consolidated financial performance and its consolidated cash flows for the years then ended in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers, and International Financial Reporting Standards (IFRS), International Accounting Standards (IAS), IFRIC Interpretations (IFRIC), and SIC Interpretations (SIC) endorsed and issued into effect by the Financial Supervisory Commission of the Republic of China.

Basis for Opinion

We conducted our audits in accordance with the Regulations Governing Financial Statement Audit and Attestation Engagements of Certified Public Accountants and the Standards on Auditing of the Republic of China. Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We are independent of the Group in accordance with The Norm of Professional Ethics for Certified Public Accountant of the Republic of China, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Key Audit Matters

Key audit matter is this matter that, in our professional judgment, were of most significance in our audit of the consolidated financial statements for the year ended December 31, 2025. This matter was addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on this matter.

The key audit matter of the Group's consolidated financial statements for the year ended December 31, 2025 is described as follows:

Recognition of Revenue from Sales

The revenue of the Group is mainly derived from sales of automobile mechanical parts, network communication mechanical parts, mechanical components for consumer electronics and other.

The proportion of sales revenue of some automobile mechanical parts is higher and the gross profit is significant to the net income. Therefore, we considered the occurrence of the recognition of revenue from sales of some automobile mechanical parts as a key audit matter of the Group's consolidated financial statements for the year ended December 31, 2025.

The audit procedures that we performed in response to the sales revenue recognition included the following: (1) We obtained an understanding of the design and determined the effectiveness of the implementation of the main internal controls of sales revenue, and (2) we selected samples of revenue items, inspected customer orders or contracts, shipping documents, etc., and confirmed that transactions had occurred.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers, and International Financial Reporting Standards (IFRS), International Accounting Standards (IAS), IFRIC Interpretations (IFRIC), and SIC Interpretations (SIC) endorsed and issued into effect by the Financial Supervisory Commission of the Republic of China, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Group's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Group or to cease operations, or has no realistic alternative but to do so.

Those charged with governance, including the audit committee, are responsible for overseeing the Group's financial reporting process.

Auditors' Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with the Standards on Auditing of the Republic of China will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As part of an audit in accordance with the Standards on Auditing of the Republic of China, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

1. Identify and assess the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
2. Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Group's internal control.
3. Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
4. Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditors' report to the related disclosures in the consolidated financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditors' report. However, future events or conditions may cause the Group to cease to continue as a going concern.
5. Evaluate the overall presentation, structure and content of the consolidated financial statements, including the disclosures, and whether the consolidated financial statements represent the underlying transactions and events in a manner that achieves fair presentation.
6. Obtain sufficient and appropriate audit evidence regarding the financial information of entities or business activities within the Group to express an opinion on the consolidated financial statements. We are responsible for the direction, supervision, and performance of the group audit. We remain solely responsible for our audit opinion.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the consolidated financial statements for the year ended December 31, 2025, and are therefore the key audit matters. We describe these matters in our auditors' report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

The engagement partners on the audits resulting in this independent auditors' report are Shih-Hsuan Peng and Ke-Chang Wu.

Notice to Readers

The accompanying consolidated financial statements are intended only to present the consolidated financial position, financial performance and cash flows in accordance with accounting principles and practices generally accepted in the Republic of China and not those of any other jurisdictions. The standards, procedures and practices to audit such consolidated financial statements are those generally applied in the Republic of China.

For the convenience of readers, the independent auditors' report and the accompanying consolidated financial statements have been translated into English from the original Chinese version prepared and used in the Republic of China. If there is any conflict between the English version and the original Chinese version or any difference in the interpretation of the two versions, the Chinese-language independent auditors' report and consolidated financial statements shall prevail.

ESON PRECISION IND. CO., LTD. AND SUBSIDIARIES

NOTES TO CONSOLIDATED FINANCIAL STATEMENTS FOR THE YEARS ENDED DECEMBER 31, 2025 AND 2024 (In Thousands of New Taiwan Dollars, Unless Stated Otherwise)

1. GENERAL INFORMATION

Eson Precision Ind. Co., Ltd. (the “Company”), formerly known as Multiwin Precision Ind. Co., Ltd., was incorporated in the Cayman Islands on June 17, 2008 and changed its name after resolution of the shareholders in the shareholders’ meeting in February 2012.

The Company mainly designs, develops, manufactures and sells molds, plastic, hardware products and new types of electronic components and flat-panel displays. The Company’s shares have been listed on the Taiwan Stock Exchange of the Republic of China (ROC) since November 25, 2013.

The functional currency of the Company is the U.S. dollar. For greater comparability and consistency of financial reporting, the consolidated financial statements are presented in New Taiwan dollars, since the Company’s shares are listed on the Taiwan Stock Exchange.

2. APPROVAL OF FINANCIAL STATEMENTS

The consolidated financial statements of the Company and its subsidiaries (collectively referred to as the “Group”) were approved by the Company’s board of directors on March 13, 2026.

3. APPLICATION OF NEW, AMENDED AND REVISED STANDARDS AND INTERPRETATIONS

- a. Initial application of the amendments to the International Financial Reporting Standards (IFRS), International Accounting Standards (IAS), IFRIC Interpretations (IFRIC), and SIC Interpretations (SIC) (collectively, the “IFRS Accounting Standards”) endorsed and issued into effect by the Financial Supervisory Commission (FSC)

The initial application of the IFRS Accounting Standards endorsed and issued into effect by the FSC did not have material impact on the Group’s accounting policies.

- b. The IFRS Accounting Standards endorsed by the FSC for application starting from 2026

New, Amended and Revised Standards and Interpretations	Effective Date Announced by IASB
Amendments to IFRS 9 and IFRS 7 “Amendments to the Classification and Measurement of Financial Instruments” - the amendments to the application guidance of classification of financial assets	January 1, 2026
Amendments to IFRS 9 and IFRS 7 “Contracts Referencing Nature-dependent Electricity”	January 1, 2026
Annual Improvements to IFRS Accounting Standards - Volume 11	January 1, 2026
IFRS 17 “Insurance Contracts” (including the 2020 and 2021 amendments to IFRS 17)	January 1, 2023

Amendments to IFRS 9 and IFRS 7 “Amendments to the Classification and Measurement of Financial Instruments” - the amendments to the application guidance of classification of financial assets

The amendments mainly amend the requirements for the classification of financial assets, including:

- 1) If a financial asset contains a contingent feature that could change the timing or amount of contractual cash flows and the contingent event itself does not relate directly to changes in basic lending risks and costs (e.g., whether the debtor achieves a contractually specified reduction in carbon emissions), the financial asset has contractual cash flows that are solely payments of principal and interest on the principal amount outstanding if, and only if,
 - In all possible scenarios (before and after the occurrence of a contingent event), the contractual cash flows are solely payments of principal and interest on the principal amount outstanding; and
 - In all possible scenarios, the contractual cash flows would not be significantly different from the contractual cash flows on a financial instrument with identical contractual terms, but without such a contingent feature.
- 2) To clarify that a financial asset has non-recourse features if an entity’s ultimate right to receive cash flows is contractually limited to the cash flows generated by specified assets.
- 3) To clarify that the characteristics of contractually linked instruments include a prioritization of payments to the holders of financial assets using multiple contractually linked instruments (tranches) established through a waterfall payment structure, resulting in concentrations of credit risk and a disproportionate allocation of cash shortfalls from the underlying pool between the tranches.

As of the date the consolidated financial statements were authorized for issue, the Group is continuously assessing the possible impact of the application of other standards and interpretations on the Group’s financial position and financial performance and will disclose the relevant impact when the assessment is completed.

- c. The IFRS Accounting Standards in issue but not yet endorsed and issued into effect by the FSC

<u>New, Amended and Revised Standards and Interpretations</u>	<u>Effective Date Announced by IASB (Note 1)</u>
Amendments to IFRS 10 and IAS 28 “Sale or Contribution of Assets between an Investor and its Associate or Joint Venture”	To be determined by IASB
IFRS 18 “Presentation and Disclosure in Financial Statements”	January 1, 2027 (Note 2)
IFRS 19 “Subsidiaries without Public Accountability: Disclosures” (including the 2025 amendments to IFRS 19)	January 1, 2027
Amendments to IAS 21 “Translation to a Hyperinflationary Presentation Currency”	January 1, 2027

Note 1: Unless stated otherwise, the above IFRS Accounting Standards are effective for annual reporting periods beginning on or after their respective effective dates.

Note 2: On September 25, 2025, the FSC announced that IFRS 18 will take effect starting from January 1, 2028. Domestic entities could elect to apply IFRS 18 for an earlier period after the endorsement of IFRS 18 by the FSC.

IFRS 18 “Presentation and Disclosure in Financial Statements” and consequential amendments

IFRS 18 will supersede IAS 1 “Presentation of Financial Statements”. The main changes comprise:

- To classify items of income and expenses presented in the statement of profit or loss into the operating, investing, financing, income taxes and discontinued operations categories, the Group shall assess whether it has specified main business activities of investing in particular types of assets and providing financing to customers.
- The statement of profit or loss shall present totals and subtotals for operating profit or loss, profit or loss before financing and income taxes and profit or loss.
- Provides guidance to enhance the requirements of aggregation and disaggregation: The Group shall identify the assets, liabilities, equity, income, expenses and cash flows that arise from individual transactions or other events and shall classify and aggregate them into groups based on shared characteristics, so as to result in the presentation in the primary financial statements of line items that have at least one similar characteristic. The Group shall disaggregate items with dissimilar characteristics in the primary financial statements and in the notes. The Group labels items as “other” only if it cannot find a more informative label.
- Disclosures on Management-defined Performance Measures (MPMs): When in public communications outside financial statements and communicating to users of financial statements management’s view of an aspect of the financial performance of the Group as a whole, the Group shall disclose related information about its MPMs in a single note to the financial statements, including the description of such measures, calculations, reconciliations to the subtotal or total specified by IFRS Accounting Standards and the income tax and non-controlling interests effects of related reconciliation items.

In addition, the following consequential amendments have been made to IAS 7 “Statement of Cash Flows”:

- The Group shall use operating profit or loss as the starting point when presenting cash flows from operating activities under the indirect method.
- Interest and dividends received by the Group shall be classified as investing activities, while interest and dividends paid shall be classified as financing activities. However, if, after assessment, the Group has a specific main operating activity, it shall determine how to classify dividends received, interest received and interest paid in the statement of cash flows by referring to how it classifies dividend income, interest income and interest expense in the statement of profit or loss. The total of each of these cash flows shall be classified in a single category in the statement of cash flows.

Except for the above impact, as of the date the consolidated financial statements were authorized for issue, the Group is continuously assessing the other impacts of the above amended standards and interpretations on the Group’s financial position and financial performance and will disclose the relevant impact when the assessment is completed.

4. SUMMARY OF MATERIAL ACCOUNTING POLICY INFORMATION

a. Statement of compliance

The consolidated financial statements have been prepared in accordance with the Regulations Governing the Preparation of Financial Reports by Securities Issuers, other regulations and IFRS Accounting Standards as endorsed and issued into effect by the FSC.

b. Basis of preparation

The consolidated financial statements have been prepared on the historical cost basis except for financial instruments which are measured at fair value.

The fair value measurements, which are grouped into Levels 1 to 3 based on the degree to which the fair value measurement inputs are observable and based on the significance of the inputs to the fair value measurement in its entirety, are described as follows:

- 1) Level 1 inputs are quoted prices (unadjusted) in active markets for identical assets or liabilities;
- 2) Level 2 inputs are inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly (i.e., as prices) or indirectly (i.e., derived from prices); and
- 3) Level 3 inputs are unobservable inputs for the asset or liability.

c. Classification of current and non-current assets and liabilities

Current assets include:

- 1) Assets held primarily for the purpose of trading;
- 2) Assets expected to be realized within 12 months after the reporting period; and
- 3) Cash and cash equivalents unless the asset is restricted from being exchanged or used to settle a liability for at least 12 months after the reporting period.

Current liabilities include:

- 1) Liabilities held primarily for the purpose of trading;
- 2) Liabilities due to be settled within 12 months after the reporting period; and
- 3) Liabilities for which the Group does not have the substantial right at the end of the reporting period to defer settlement for at least 12 months after the reporting period.

Assets and liabilities that are not classified as current are classified as non-current.

d. Basis of consolidation

The consolidated financial statements incorporate the financial statements of the Company and the entities controlled by the Company (i.e., its subsidiaries).

Income and expenses of subsidiaries acquired or disposed of during the period are included in the consolidated statement of comprehensive income from the effective date of acquisition and up to the effective date of disposal, as appropriate.

When necessary, adjustments are made to the financial statements of subsidiaries to bring their accounting policies into line with those used by the Group.

All intra-group transactions, balances, income and expenses are eliminated in full upon consolidation. Total comprehensive income of subsidiaries is attributed to the owners of the Company and to the non-controlling interests even if this results in the non-controlling interests having a deficit balance.

Changes in the Group's ownership interests in subsidiaries that do not result in the Group losing control over the subsidiaries are accounted for as equity transactions. The carrying amounts of the interests of the Group and the non-controlling interests are adjusted to reflect the changes in their relative interests in the subsidiaries. Any difference between the amount by which the non-controlling interests are adjusted and the fair value of the consideration paid or received is recognized directly in equity and attributed to the owners of the Company.

Details of subsidiaries, including the percentages of ownership, and main businesses and products are detailed as follows:

Name of Investor	Name of Investee	Establishment and Operating Location	Functional Currency	Percentage of Ownership		Main Businesses and Products
				December 31		
				2025	2024	
The Company	Multiwin Precision Ind. Pte. Ltd. (Multiwin Singapore)	Singapore	USD	100.00	100.00	Investment holding

e. Foreign currencies

In preparing the financial statements of each individual entity in the Group, transactions in currencies other than the entity's functional currency (i.e., foreign currencies) are recognized at the rates of exchange prevailing at the dates of the transactions.

At the end of each reporting period, monetary items denominated in foreign currencies are retranslated at the rates prevailing at that date. Exchange differences on monetary items arising from settlement or translation are recognized in profit or loss in the period in which they arise.

Non-monetary items measured at fair value that are denominated in foreign currencies are retranslated at the rates prevailing at the date when the fair value was determined. Exchange differences arising from the retranslation of non-monetary items are included in profit or loss for the period except for exchange differences arising from the retranslation of non-monetary items in respect of which gains and losses are recognized directly in other comprehensive income; in which cases, the exchange differences are also recognized directly in other comprehensive income.

Non-monetary item denominated in a foreign currency and measured at historical cost is stated at the reporting currency as originally translated from the foreign currency.

For the purpose of presenting the consolidated financial statements, the assets and liabilities of the Group's foreign operations are translated into U.S. dollars using exchange rates prevailing at the end of each reporting period. Income and expense items are translated at the average exchange rates for the period, and exchange differences arising are recognized in other comprehensive income (attributed to the owners of the Company and non-controlling interests as appropriate). The exchange differences accumulated in equity, which resulted from the translation of the functional currency into the presentation currency, are not subsequently reclassified to profit or loss.

On the disposal of a foreign operation (i.e., disposal of the Company's entire interest in a foreign operation, or disposal involving the loss of control over a subsidiary that includes a foreign operation, or partial disposal of an interest in a joint arrangement or an associate that includes a foreign operation of which the retained interest becomes a financial asset), all of the exchange differences accumulated in equity in respect of that operation attributable to the owners of the Company are reclassified to profit or loss.

When translating into the New Taiwan dollar, assets and liabilities are translated into New Taiwan dollars using exchange rates prevailing at the balance sheet date. Income and expense items are translated using the average exchange rates for the period. The resulting currency translation differences are recognized in other comprehensive income (attributed to the owners of the Company and non-controlling interests as appropriate). The exchange differences accumulated in equity, which resulted from the translation of the functional currency into the presentation currency, are not subsequently reclassified to profit or loss.

f. Inventories

Inventories consist of raw materials, supplies, finished goods and work in progress and are stated at the lower of cost or net realizable value. Inventory write-downs are made by item, except where it may be appropriate to group similar or related items. The net realizable value is the estimated selling price of inventories less all estimated costs of completion and costs necessary to make the sale. Inventories are recorded at the weighted-average cost on the balance sheet date.

g. Property, plant and equipment

Property, plant and equipment are initially measured at cost and subsequently measured at cost less accumulated depreciation and accumulated impairment loss.

Property, plant and equipment in the course of construction are measured at cost less any recognized impairment loss. Cost includes professional fees and borrowing costs eligible for capitalization. Products produced when testing whether an item of property, plant and equipment is functioning properly before that asset reaches its intended use are measured at the lower of cost or net realizable value, and any proceeds from selling those products and the cost of those products are recognized in profit or loss. Such assets are depreciated and classified to the appropriate categories of property, plant and equipment when completed and ready for their intended use.

Except for freehold land which is not depreciated, the depreciation of property, plant and equipment is recognized using the straight-line method. Each significant part is depreciated separately. The estimated useful lives, residual values and depreciation methods are reviewed at the end of each reporting period, with the effects of any changes in the estimates accounted for on a prospective basis.

On derecognition of an item of property, plant and equipment, the difference between the sales proceeds and the carrying amount of the asset is recognized in profit or loss.

h. Investment properties

Investment properties are properties held to earn rental and/or for capital appreciation. Investment properties include right-of-use assets and properties under construction that meet the definition of investment properties. Investment properties also include land held for a currently undetermined future use.

Investment properties are initially measured at cost, including transaction costs. Subsequent to initial recognition, investment properties are measured at cost less accumulated depreciation and accumulated impairment loss.

Investment properties acquired through leases are initially measured at cost, which comprises the initial measurement of lease liabilities adjusted for lease payments made on or before the commencement date, plus initial direct costs incurred and an estimate of costs needed to restore the underlying assets, less any lease incentives received. These investment properties are subsequently measured at cost less accumulated depreciation and accumulated impairment loss and adjusted for any remeasurement of the lease liabilities.

Depreciation is recognized using the straight-line method.

For a transfer of classification from property, plant and equipment and right-of-use assets to investment properties, the deemed cost of an item of property for subsequent accounting is its carrying amount at the end of owner-occupation.

On derecognition of an investment property, the difference between the net disposal proceeds and the carrying amount of the asset is included in profit or loss.

i. Intangible assets

1) Intangible assets acquired separately

Intangible assets with finite useful lives that are acquired separately are initially measured at cost and subsequently measured at cost less accumulated amortization and accumulated impairment loss. Amortization is recognized on a straight-line basis over their estimated useful lives. The estimated useful lives, residual values, and amortization methods are reviewed at the end of each reporting period, with the effect of any changes in the estimates accounted for on a prospective basis. Intangible assets with indefinite useful lives that are acquired separately are measured at cost less accumulated impairment loss.

2) Derecognition of intangible assets

On derecognition of an intangible asset, the difference between the net disposal proceeds and the carrying amount of the asset is recognized in profit or loss.

j. Impairment of property, plant and equipment, right-of-use asset, investment properties and intangible assets

At the end of each reporting period, the Group reviews the carrying amounts of its property, plant and equipment, right-of-use asset, investment properties and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss. When it is not possible to estimate the recoverable amount of an individual asset, the Group estimates the recoverable amount of the cash-generating unit to which the asset belongs. Corporate assets are allocated to the individual cash-generating units on a reasonable and consistent basis of allocation.

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment at least annually and whenever there is an indication that the asset may be impaired.

The recoverable amount is the higher of fair value less costs to sell and value in use. If the recoverable amount of an asset or cash-generating unit is estimated to be less than its carrying amount, the carrying amount of the asset or cash-generating unit is reduced to its recoverable amount, with the resulting impairment loss recognized in profit or loss.

When an impairment loss is subsequently reversed, the carrying amount of the corresponding asset or cash-generating unit is increased to the revised estimate of its recoverable amount, but only to the extent of the carrying amount that would have been determined had no impairment loss been recognized on the asset or cash-generating unit in prior years. A reversal of an impairment loss is recognized in profit or loss.

k. Financial instruments

Financial assets and financial liabilities are recognized when the Group becomes a party to the contractual provisions of the instruments.

Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issuance of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value of the financial assets or financial liabilities, as appropriate, on initial recognition. Transaction costs directly attributable to the acquisition of financial assets or financial liabilities at fair value through profit or loss are recognized immediately in profit or loss.

1) Financial assets

All regular way purchases or sales of financial assets are recognized and derecognized on a trade date basis.

a) Measurement categories

Financial assets are classified into the following categories: Financial assets at amortized cost and investments in equity instruments at FVTOCI.

i. Financial assets at amortized cost

Financial assets that meet the following conditions are subsequently measured at amortized cost:

- i) The financial asset is held within a business model whose objective is to hold financial assets in order to collect contractual cash flows; and

- ii) The contractual terms of the financial assets give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Subsequent to initial recognition, financial assets at amortized cost (including cash and cash equivalents and trade receivables at amortized cost) are measured at amortized cost, which equals the gross carrying amount determined using the effective interest method less any impairment loss. Exchange differences are recognized in profit or loss.

Interest income is calculated by applying the effective interest rate to the gross carrying amount of a financial asset, except for:

- i) Purchased or originated credit-impaired financial asset, for which interest income is calculated by applying the credit-adjusted effective interest rate to the amortized cost of the financial asset; and
- ii) Financial assets that are not credit impaired on purchase or origination but have subsequently become credit impaired, for which interest income is calculated by applying the effective interest rate to the amortized cost of such financial assets in subsequent reporting periods.

A financial asset is credit impaired when one or more of the following events have occurred:

- i) Significant financial difficulty of the issuer or the borrower;
- ii) Breach of contract, such as a default;
- iii) It is becoming probable that the borrower will enter bankruptcy or undergo a financial reorganization; or
- iv) The disappearance of an active market for that financial asset because of financial difficulties.

Cash equivalents include time deposits with original maturities within 3 months from the date of acquisition, which are highly liquid, readily convertible to a known amount of cash and are subject to an insignificant risk of changes in value. These cash equivalents are held for the purpose of meeting short-term cash commitments.

ii. Investments in equity instruments at FVTOCI

On initial recognition, the Group may make an irrevocable election to designate investments in equity instruments as at FVTOCI. Designation as at FVTOCI is not permitted if the equity investment is held for trading or if it is contingent consideration recognized by an acquirer in a business combination.

Investments in equity instruments at FVTOCI are subsequently measured at fair value with gains and losses arising from changes in fair value recognized in other comprehensive income and accumulated in other equity. The cumulative gain or loss will not be reclassified to profit or loss on disposal of the equity investments; instead, it will be transferred to retained earnings.

Dividends on these investments in equity instruments are recognized in profit or loss when the Group's right to receive the dividends is established unless the dividends clearly represent a recovery of part of the cost of the investment.

b) Impairment of financial assets

The Group recognizes a loss allowance for expected credit losses on financial assets at amortized cost (including trade receivables).

The Group always recognizes lifetime expected credit losses (ECLs) for trade receivables. For all other financial instruments, the Group recognizes lifetime ECLs when there has been a significant increase in credit risk since initial recognition. If, on the other hand, the credit risk on a financial instrument has not increased significantly since initial recognition, the Group measures the loss allowance for that financial instrument at an amount equal to 12-month ECLs.

Expected credit losses reflect the weighted average of credit losses with the respective risks of default occurring as the weights. Lifetime ECLs represent the expected credit losses that will result from all possible default events over the expected life of a financial instrument. In contrast, 12-month ECLs represent the portion of lifetime ECLs that is expected to result from default events on a financial instrument that are possible within 12 months after the reporting date.

For internal credit risk management purposes, the Group considers the following situations as indication that a financial asset is in default (without taking into account any collateral held by the Group):

- i. Internal or external information shows that the debtor is unlikely to pay its creditors.
- ii. Financial asset is more than 90 days past due unless the Group has reasonable and corroborative information to support a more lagged default criterion.

The impairment loss of all financial assets is recognized in profit or loss by a reduction in their carrying amounts through a loss allowance account.

c) Derecognition of financial assets

The Group derecognizes a financial asset only when the contractual rights to the cash flows from the asset expire or when it transfers the financial asset and substantially all the risks and rewards of ownership of the asset to another party.

On derecognition of a financial asset at amortized cost in its entirety, the difference between the asset's carrying amount and the sum of the consideration received and receivable is recognized in profit or loss.

2) Financial liabilities

a) Subsequent measurement

All financial liabilities are measured at amortized cost using the effective interest method.

b) Derecognition of financial liabilities

The difference between the carrying amount of a financial liability derecognized and the consideration paid, including any non-cash assets transferred or liabilities assumed, is recognized in profit or loss.

l. Provisions

Provisions are measured at the best estimate of the discounted cash flows of the consideration required to settle the present obligation at the end of the reporting period, taking into account the risks and uncertainties surrounding the obligation.

m. Revenue recognition

The Group identifies the performance obligations in the contract with customers, allocates the transaction price to the performance obligations and recognizes revenue when performance obligations are satisfied.

Revenue from the sale of goods

Revenue from the sale of goods comes from sales of plastic products, hardware products, molds, etc., which are classified by product type into automobile mechanical parts, network communication mechanical parts, mechanical components for consumer electronics and others. Sales of goods are recognized as revenue when the goods are delivered to the customer's specific location or the goods are shipped because it is the time when the customer has full discretion over the manner of distribution and price to sell the goods, has the primary responsibility for sales to future customers and bears the risks of obsolescence. Revenue and trade receivables are recognized concurrently.

The Group does not recognize revenue on materials delivered to subcontractors because this delivery does not involve a transfer of control.

n. Leasing

At the inception of a contract, the Group assesses whether the contract is, or contains, a lease.

1) The Group as lessor

Leases are classified as finance leases whenever the terms of a lease transfer substantially all the risks and rewards of ownership to the lessee. All other leases are classified as operating leases.

When the Group subleases a right-of-use asset, the sublease is classified by reference to the right-of-use asset arising from the head lease, not with reference to the underlying asset.

Lease payments (less any lease incentives payable) from operating leases are recognized as income on a straight-line basis over the terms of the relevant leases. Initial direct costs incurred in obtaining operating leases are added to the carrying amounts of the underlying assets and recognized as expenses on a straight-line basis over the lease terms.

2) The Group as lessee

The Group recognizes right-of-use assets and lease liabilities for all leases at the commencement date of a lease, except for low-value asset leases and short-term leases accounted for by applying a recognition exemption where lease payments are recognized as expenses on a straight-line basis over the lease terms.

Right-of-use assets are initially measured at cost, which comprises the initial measurement of lease liabilities adjusted for lease payments made at or before the commencement date, less any lease incentives received, and plus any initial direct costs incurred and an estimate of costs needed to restore the underlying assets. Right-of-use assets are subsequently measured at cost less accumulated depreciation and impairment losses and adjusted for any remeasurement of the lease liabilities. Right-of-use assets are presented on a separate line in the consolidated balance sheets.

Right-of-use assets are depreciated using the straight-line method from the commencement dates to the earlier of the end of the useful lives of the right-of-use assets or the end of the lease terms. However, if leases transfer ownership of the underlying assets to the Group by the end of the lease terms or if the costs of right-of-use assets reflect that the Group will exercise a purchase option, the Group depreciates the right-of-use assets from the commencement dates to the end of the useful lives of the underlying assets.

Lease liabilities are initially measured at the present value of the lease payments, which comprise fixed payments. The lease payments are discounted using the interest rate implicit in a lease if that rate can be readily determined. If that rate cannot be readily determined, the lessee's incremental borrowing rate will be used.

Subsequently, lease liabilities are measured at amortized cost using the effective interest method, with interest expense recognized over the lease terms. When there is a change in a lease term, a change in the amounts expected to be payable under a residual value guarantee, the Group remeasures the lease liabilities with a corresponding adjustment to the right-of-use assets. However, if the carrying amount of the right-of-use assets is reduced to zero, any remaining amount of the remeasurement is recognized in profit or loss. For lease modifications that are not treated as separate leases, the remeasurement of the lease liability due to the reduction in the scope of the lease is to reduce the right-of-use asset and to recognize the profit and loss of the partial or full termination of the lease; the re-measurement of the lease liability due to other modifications is to adjust the right-of-use asset. Lease liabilities are presented on a separate line in the consolidated balance sheets.

o. Employee benefits

1) Short-term employee benefits

Liabilities recognized in respect of short-term employee benefits are measured at the undiscounted amount of the benefits expected to be paid in exchange for the related services.

2) Retirement benefits

Payments to defined contribution retirement benefit plans are recognized as expenses when employees have rendered services entitling them to the contributions.

p. Taxation

Income tax expense represents the sum of the tax currently payable and deferred tax.

1) Current tax

Income tax payable (recoverable) is based on taxable profit (loss) for the year determined according to the applicable tax laws of each tax jurisdiction.

Adjustments of prior years' tax liabilities are added to or deducted from the current year's tax provision.

2) Deferred tax

Deferred tax is recognized on temporary differences between the carrying amounts of assets and liabilities and the corresponding tax bases used in the computation of taxable profit.

Deferred tax liabilities are generally recognized for all taxable temporary differences. Deferred tax assets are generally recognized for all deductible temporary differences, unused loss carryforwards and unused tax credits for purchases of machinery, equipment and technology to the extent that it is probable that taxable profits will be available against which those deductible temporary differences can be utilized.

The carrying amount of deferred tax assets is reviewed at the end of each reporting period and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the assets to be recovered. A previously unrecognized deferred tax asset is also reviewed at the end of each reporting period and recognized to the extent that it has become probable that future taxable profit will allow the deferred tax asset to be recovered.

Deferred tax assets and liabilities are measured at the tax rates that are expected to apply in the period in which the liabilities are settled or the assets are realized, based on tax rates (and tax laws) that have been enacted or substantively enacted by the end of the reporting period. The measurement of deferred tax liabilities and assets reflects the tax consequences that would follow from the manner in which the Group expects, at the end of the reporting period, to recover or settle the carrying amount of its assets and liabilities.

3) Current and deferred taxes for the year

Current and deferred taxes are recognized in profit or loss, except when they relate to items that are recognized in other comprehensive income or directly in equity; in which case, the current and deferred taxes are also recognized in other comprehensive income or directly in equity, respectively.

5. MATERIAL ACCOUNTING JUDGMENTS AND KEY SOURCES OF ESTIMATION UNCERTAINTY

In the application of the Group's accounting policies, management is required to make judgments, estimations and assumptions on the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and associated assumptions are based on historical experience and other factors that are considered relevant. Actual results may differ from these estimates.

When developing material accounting estimates, the Group considers the possible impact of other relevant material estimates. The estimates and underlying assumptions are continuously reviewed on an ongoing basis by management.

Key Sources of Estimation Uncertainty

Estimated impairment of financial assets

The provision for impairment of trade receivables is based on assumptions on probability of default and loss given default. The Group uses judgment in making these assumptions and in selecting the inputs to the impairment calculation, based on the Group's historical experience, existing market conditions as well as forward-looking estimates as of the end of each reporting period. Where the actual future cash inflows are less than expected, a material impairment loss may arise. Furthermore, the estimate of the probability of default is subject to greater uncertainties due to the impact on credit risk of financial assets arising from the uncertain impact and volatility in financial markets caused by the policies and regulations of governments in various countries.

6. CASH AND CASH EQUIVALENTS

	<u>December 31</u>	
	<u>2025</u>	<u>2024</u>
Cash on hand	\$ 698	\$ 524
Deposits in banks	4,466,602	2,808,500
Time deposits with original maturities of less than 3 months	<u>72,887</u>	<u>208,297</u>
	<u>\$ 4,540,187</u>	<u>\$ 3,017,321</u>

The market rate intervals of deposits in banks at the end of the reporting period were as follows:

	<u>December 31</u>	
	<u>2025</u>	<u>2024</u>
Deposits in banks	0.0001%-3.67%	0.0001%-4.80%

Some of the Group's bank deposits are reserve accounts for short-term borrowings and guarantee deposits for customs and electricity, which are reclassified to "financial assets at amortized cost" (refer to Notes 15 and 26 for the details). The amounts are as follows:

	<u>December 31</u>	
	<u>2025</u>	<u>2024</u>
Current	<u>\$ 11,548</u>	<u>\$ 11,249</u>

7. FINANCIAL ASSETS AT FAIR VALUE THROUGH OTHER COMPREHENSIVE INCOME

Investments in Equity Instruments at FVTOCI

Foreign unlisted (counter) shares		
Ordinary shares - Jiangsu Ankoglass Optical Material Co., Ltd.	<u>\$ 4,944</u>	<u>\$ 5,043</u>

The investments in equity instruments of Jiangsu Ankoglass Optical Material Co., Ltd. are held for medium- to long-term strategic purposes. Accordingly, the management elected to designate these investments in equity instruments as at FVTOCI as they believe that recognizing short-term fluctuations in the investments' fair value in profit or loss would not be consistent with the Group's strategy of holding the investments for long-term purposes.

8. FINANCIAL ASSETS AT AMORTIZED COST

	<u>December 31</u>	
	<u>2025</u>	<u>2024</u>
<u>Current</u>		
Foreign investments		
Time deposits with original maturities of more than 3 months*	\$ 33,906	\$ 52,583
Less: Allowance for impairment loss	<u>-</u>	<u>-</u>
	<u>\$ 33,906</u>	<u>\$ 52,583</u>

* The ranges of interest rates for time deposits with original maturities of more than 3 months were approximately 1.00%-1.30% and 1.00%-1.95% per annum as of December 31, 2025 and 2024, respectively.

9. NOTES RECEIVABLE AND TRADE RECEIVABLES

	<u>December 31</u>

	<u>\$ 1,637,431</u>	<u>\$ 2,267,004</u>
<u>Trade receivables from related parties (Note 25)</u>		
At amortized cost		
Gross carrying amount	\$ 205,963	\$ 198,167
Less: Allowance for impairment loss	<u>-</u>	<u>-</u>
	<u>\$ 205,963</u>	<u>\$ 198,167</u>

The average credit period of sales of goods is 60-150 days. The Group adopted a policy of only dealing with entities that are rated the equivalent of investment grade or higher and obtaining sufficient collateral, where appropriate, as a means of mitigating the risk of financial loss from defaults. Credit rating information is supplied by independent rating agencies where available, and if not available, the Group uses other publicly available financial information and its own trading records to rate its major customers. The Group's exposure and the credit ratings of its counterparties are continuously monitored, and the aggregate value of transactions concluded is spread among approved counterparties. Credit exposure is controlled by counterparty limits that are reviewed and approved annually.

In order to minimize credit risk, the management of the Group has delegated a team responsible for determining credit limits, credit approvals and other monitoring procedures to ensure that follow-up action is taken to recover overdue debts. In addition, the Group reviews the recoverable amount of each individual trade debt at the end of the reporting period to ensure that adequate allowance is made for possible irrecoverable amounts. In this regard, the management believes the Group's credit risk was significantly reduced.

The Group applies the simplified approach to providing for expected credit losses prescribed by IFRS 9, which permits the use of lifetime expected loss provision for all trade receivables. The expected credit losses on accounts receivable are estimated using an overdue aging ratio and individual customer evaluation method, adjusted for general economic conditions of the industry in which the debtors operate and an assessment of both the current as well as the forecasted direction of economic conditions at the reporting date. As the Group's historical credit loss experience does not show significantly different loss patterns for different customer segments, the provision for loss allowance based on past due status is not further distinguished according to the Group's different customer base.

The Group writes off a trade receivable when there is information indicating that the debtor is in severe financial difficulty and there is no realistic prospect of recovery. For trade receivables that have been written off, the Group continues to engage in enforcement activity to attempt to recover the receivables due. Where recoveries are made, these are recognized in profit or loss.

The following table details the loss allowance of trade receivable based on the overdue aging ratio and individual customer evaluation method.

December 31, 2025

	Not Overdue	Overdue 1-90 Days	Overdue 91-180 Days	Over 180 Days	Total
Expected credit loss rate	0%	0%-50%	50%-100%	100%	
Gross carrying amount	\$ 1,723,051	\$ 144,561	\$ 25,817	\$ 16,280	\$ 1,909,709
Loss allowance (Lifetime ECL)	<u>-</u>	<u>(14,346)</u>	<u>(25,817)</u>	<u>(16,280)</u>	<u>(56,443)</u>
Amortized cost	<u>\$ 1,723,051</u>	<u>\$ 130,215</u>	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 1,853,266</u>

December 31, 2024

	Not Overdue	Overdue 1-90 Days	Overdue 91-180 Days	Over 180 Days	Total
Expected credit loss rate	0%	0%-50%	50%-100%	100%	
Gross carrying amount	\$ 2,385,113	\$ 87,796	\$ 20,315	\$ 12,397	\$ 2,505,621
Loss allowance (Lifetime ECL)	<u>-</u>	<u>(4,756)</u>	<u>(11,096)</u>	<u>(12,397)</u>	<u>(28,249)</u>
Amortized cost	<u>\$ 2,385,113</u>	<u>\$ 83,040</u>	<u>\$ 9,219</u>	<u>\$ -</u>	<u>\$ 2,477,372</u>

The movements of the loss allowance of accounts receivable were as follows:

	2025	2024
Balance at January 1	\$ 28,249	\$ 15,653
Add: Provision recognized*	28,846	11,356
Foreign exchange losses	<u>(652)</u>	<u>1,240</u>
Balance at December 31	<u>\$ 56,443</u>	<u>\$ 28,249</u>

- * The increase in loss allowance of \$28,846 thousand in 2025 was in respect of the increase in total gross receivables of \$595,912 thousand compared to the amount on January 1, 2025. The increase in loss allowance of \$11,356 thousand in 2024 was in respect of the increase in total gross receivables of \$861,168 thousand compared to the amount on January 1, 2024.

10. INVENTORIES

	December 31	
	2025	2024
Raw materials	\$ 865,425	\$ 867,475
Work in progress	29,902	13,986
Finished goods	<u>448,210</u>	<u>592,274</u>
	<u>\$ 1,343,537</u>	<u>\$ 1,473,735</u>

The nature of the cost of goods sold is as follows:

	For the Year Ended December 31	
	2025	2024
Cost of inventories sold	\$ 9,541,815	\$ 10,464,502
Inventory (write-ups) write-downs	<u>(35,998)</u>	<u>105,752</u>
	<u>\$ 9,505,817</u>	<u>\$ 10,570,254</u>

The gain from the reversal of write-downs and obsolescence inventory is due to the increase in sales prices of the inventory in specific markets and the elimination of inventories that were recognized as inventory write-downs.

11. OTHER ASSETS

	December 31	
	2025	2024
Current		
Offsets against business tax payable	\$ 426,690	\$ 320,568

Balance at December 31, 2024	<u>\$ 349,097</u>	<u>\$ 20,455</u>	<u>\$ 369,552</u>
Carrying amounts at December 31, 2024	<u>\$ 223,552</u>	<u>\$ 59,816</u>	<u>\$ 283,368</u>

The Group's subsidiaries Wuxi Singuan, Dongguan Yihong, and some plants of Eson (VN) are leased out under operating leases and right-of-use assets for 10 years, 6 years and 3 years, respectively. The lease contracts contain market review clauses in the event that the lessees exercise their options to extend. The lessees do not have bargain purchase options to acquire the assets at the expiration of the lease periods.

In addition to the fixed lease payments, the lease contracts also indicate that the lease payments should be adjusted every 2 to 3 years, with an increase of 3%-6%.

For the buildings and right-of-use assets leased out by Dongguan Yihong, the lease period from November 2024 to October 2026 was renegotiated. The originally agreed 3% rental increase was waived, and the rental was further reduced by 5%. For the buildings and right-of-use assets leased out by Wuxi Singuan, the lease period from February 2025 to July 2026 was renegotiated. The originally agreed 6% rental increase was waived, and the rental was further reduced by 12.5%.

In addition, the lease agreement for the buildings and right-of-use assets leased out by Dongguan Yihong was terminated with the original lessee in July 2025. A new lease agreement was subsequently entered into with a new lessee, with a lease term from August 2025 to October 2031.

The maturity analysis of lease payments receivable under operating leases of investment properties was as follows:

	December 31	
	2025	2024
Year 1	\$ 100,762	\$ 106,537
Year 2	98,419	112,379
Year 3	93,630	100,382
Year 4	64,506	95,587
Year 5	64,506	66,004
Year 5 onwards	<u>102,134</u>	<u>174,471</u>
	<u>\$ 523,957</u>	<u>\$ 655,360</u>

To reduce the residual asset risk related to assets at the end of the relevant lease, the Group follows its general risk management strategy.

Investment properties are depreciated using the straight-line method over their estimated useful lives, as follows:

Buildings and others	30 years
Land in right-of-use assets	50 years

The fair value of the investment properties was not evaluated by independent qualified professional valuers. The Group management only adopted evaluation models commonly used by market participants and measured them using Level 3 inputs. The evaluation is based on the income approach. The significant unobservable inputs used include discount rates, and the fair value as appraised is as follows:

	December 31	
	2025	2024
Fair value	<u>\$ 386,099</u>	<u>\$ 435,446</u>

15. BORROWINGS

a. Short-term borrowings

Unsecured Borrowings	December 31			
	2025		2024	
	Rate	Amount	Rate	Amount
Line of credit borrowings	4.37%-4.69%	<u>\$ 691,460</u>	5.02%-5.55%	<u>\$ 655,700</u>

b. Long-term borrowings

	Purpose	December 31	
		2025	2024
Taipei Fubon Bank	Credit borrowings, period 2024.12.27 to 2026.05.18. The full amount is expected to be repaid in a lump sum at maturity.	\$ 333,158	\$ 347,521
Taishin International Bank	Credit borrowings, period 2022.08.11 to 2025. 08.11. The principal shall be the first installment two years before the due date of the loan period, and thereafter every 3 months shall be divided into 9 installments, repayment of 10% in each of the first eight installments, and the remaining balance is due for settlement.	-	170,443
Less: Current portion of long-term borrowings		<u>(333,158)</u>	<u>(170,443)</u>
		<u>\$ -</u>	<u>\$ 347,521</u>

The interest rate range of the above long-term borrowings were 4.37%-4.69% and 4.50%-6.40% for the years ended December 31, 2025 and 2024, respectively.

The Group should maintain certain financial ratios in its annual and semiannual audited consolidated financial statements during the loan period. The Group's consolidated financial statements for the year ended December 31, 2025 showed that the Group was in compliance with the agreed financial ratio requirements.

For details on assets pledged as collateral, refer to Notes 6 and 26.

16. OTHER LIABILITIES

	<u>December 31</u>	
	<u>2025</u>	<u>2024</u>
<u>Current</u>		
Other payables		
Payables for salaries or bonuses	\$ 429,809	\$ 463,583
Other payables to related parties (Note 25)	7,957	8,799
Payables for purchases of equipment (Note 22)	101,197	95,249
Payables for compensation of employees and remuneration of directors	112,995	111,167
Payables for other expenses	<u>405,761</u>	<u>418,158</u>
	<u>\$ 1,057,719</u>	<u>\$ 1,096,956</u>

17. RETIREMENT BENEFIT PLANS

Subsidiaries of the Group in mainland China adopted the pension plan under the act of mainland China, which is a state-managed defined contribution plan. Under the act, an entity makes contributions to pension funds at a specific rate of salaries and wages. Subsidiaries in Singapore, Europe, Malaysia, Vietnam and Mexico adopted the pension plan under the local act, which is a state-managed defined contribution plan. Eson Precision Ind. Co., Ltd. Taiwan Branch adopted a pension plan under the Labor Pension Act (LPA) of the Republic of China, which is a state-managed defined contribution plan. Under the LPA, an entity makes monthly contributions to employees' individual pension accounts at 6% of monthly salaries and wages.

18. EQUITY

a. Share capital

Ordinary shares

	<u>December 31</u>	
	<u>2025</u>	<u>2024</u>
Number of shares issued and fully paid (in thousands)	<u>168,529</u>	<u>168,529</u>
Shares issued	<u>\$ 1,685,289</u>	<u>\$ 1,685,289</u>

Every ordinary share issued with a par value of NT\$10 carries one vote per share and a right to dividends.

As of December 31, 2025 and 2024, the share capital was both NT\$1,685,289 thousand, divided into 168,529 thousand ordinary shares with a par value of NT\$10.

b. Capital surplus

	<u>December 31</u>	
	<u>2025</u>	<u>2024</u>
Issuance of ordinary shares	<u>\$ 2,349,249</u>	<u>\$ 2,349,249</u>

The capital surplus generated from the excess of the issuance price over the par value of share capital (including the shares issued for new capital, mergers and convertible bonds) may be used to offset a deficit; in addition, when the Company has no deficit, such capital surplus may be distributed as cash dividends or transferred to share capital (limited to a certain percentage of the Company's capital surplus and to once a year).

c. Retained earnings and dividends policy

- 1) Under the dividends policy as set forth in the Company's Articles, where the Company made a profit in a fiscal year, the profit shall be first utilized for paying taxes, offsetting losses of previous years, setting aside as a legal reserve of 10% of the remaining profit, setting aside or reversing a special reserve in accordance with the laws and regulations, and then any remaining profit together with any undistributed retained earnings shall be used by the Company's board of directors as the basis for proposing a distribution plan, which should be resolved in the shareholders' meeting for the distribution of dividends and bonuses to shareholders. For the policies on the distribution of compensation of employees and remuneration of directors after the amendment, refer to compensation of employees and remuneration of directors and supervisors in Note 19-c.

Besides, according to the Company's Articles, cash dividends distributed should not be less than 50% of the total dividends distributed. The actual distribution ratio is subject to the resolution of the shareholders in the shareholders' meeting.

An appropriation of earnings to a legal reserve shall be made until the legal reserve equals the Company's paid-in capital. The legal reserve may be used to offset deficits. If the Company has no deficit and the legal reserve has exceeded 25% of the Company's paid-in capital, the excess may be transferred to capital or distributed in cash.

- 2) The appropriations of earnings for 2024 and 2023, which were approved in the shareholders' meetings on June 20, 2025 and June 19, 2024, respectively, were as follows:

	Appropriation of Earnings		Dividends Per Share (NT\$)	
	For the Year Ended		For the Year Ended	
	December 31		December 31	
	2024	2023	2024	2023
Legal reserve	\$ 56,643	\$ 59,747	\$ -	\$ -
Cash dividends	252,793	269,646	1.50	1.60

The appropriation of earnings for 2025 had been proposed by the Company's board of directors on March 13, 2026. The appropriation and dividends per share were as follows:

	Appropriation of Earnings	Dividends Per Share (NT\$)
Legal reserve	\$ 74,127	\$ -
Cash dividends	370,764	2.20

The appropriation of earnings for 2025 are subject to the resolution of the shareholders in the shareholders' meeting to be held on June 11, 2026.

d. Special reserve

	<u>For the Year Ended December 31</u>	
	2025	2024
Balance at January 1	<u>\$ 826,579</u>	<u>\$ 826,579</u>
Balance at December 31	<u>\$ 826,579</u>	<u>\$ 826,579</u>

Upon initial application of IFRS Accounting Standards, the amount transferred from accumulated exchange differences to retained earnings was \$158,921 thousand, and the same amount was appropriated to the special reserve.

e. Other equity items

1) Exchange differences on translation of the financial statements of foreign operations

	<u>For the Year Ended December 31</u>	
	2025	2024
Balance at January 1	\$ (342,936)	\$ (316,039)
Recognized for the year		
Exchange differences on translation of the financial statements of foreign operations	461,916	(565,513)
Exchange differences on translation to the presentation currency	<u>(368,500)</u>	<u>538,616</u>
Balance at December 31	<u>\$ (249,520)</u>	<u>\$ (342,936)</u>

2) Unrealized loss on financial assets at FVTOCI

	<u>For the Year Ended December 31</u>	
	2025	2024
Balance at January 1	<u>\$ (5,617)</u>	<u>\$ (5,617)</u>
Balance at December 31	<u>\$ (5,617)</u>	<u>\$ (5,617)</u>

19. NET PROFIT FROM CONTINUING OPERATIONS

a. Depreciation and amortization

	<u>For the Year Ended December 31</u>	
	2025	2024
Property, plant and equipment	\$ 515,368	\$ 508,454
Right-of-use assets	55,539	57,885
Investment properties	25,033	27,383
Intangible assets	<u>21,142</u>	<u>11,832</u>
	<u>\$ 617,082</u>	<u>\$ 605,554</u>

	For the Year Ended December 31	
	2025	2024
An analysis of depreciation by function		
Operating costs	\$ 521,264	\$ 529,783
Operating expenses	<u>74,676</u>	<u>63,939</u>
	<u>\$ 595,940</u>	<u>\$ 593,722</u>
An analysis of amortization by function		
Operating costs	\$ 6,502	\$ 2,129
Operating expenses	<u>14,640</u>	<u>9,703</u>
	<u>\$ 21,142</u>	<u>\$ 11,832</u>

b. Employee benefits expense

	For the Year Ended December 31	
	2025	2024
Defined contribution plans	\$ 100,684	\$ 99,868
Other employee benefits	<u>2,173,689</u>	<u>2,024,513</u>
Total employee benefits expense	<u>\$ 2,274,373</u>	<u>\$ 2,124,381</u>
An analysis of employee benefits expense by function		
Operating costs	\$ 1,204,335	\$ 1,108,435
Operating expenses	<u>1,070,038</u>	<u>1,015,946</u>
	<u>\$ 2,274,373</u>	<u>\$ 2,124,381</u>

c. Compensation of employees and remuneration of directors

In accordance with the Articles of the Company, the compensation of employees and remuneration of directors should be distributed at rates of 2% to 8% and no more than 0.5%, respectively, of net profit before income tax, compensation of employees and remuneration of directors.

The compensation of employees and remuneration of directors of 2025 and 2024 which were approved by the Company's board of directors on March 13, 2026 and March 12, 2025, respectively, were as follows:

Accrual rate

	For the Year Ended December 31	
	2025	2024
Compensation of employees	4.0%	4.0%
Remuneration of directors	0.5%	0.5%

Amount

	For the Year Ended December 31	
	2025	2024
Compensation of employees	\$ 40,573	\$ 33,302
Remuneration of directors	5,094	4,163

If there is a change in the proposed amounts after the annual consolidated financial statements are authorized for issue, the differences are recorded as a change in accounting estimate.

There was no difference between the actual amounts of compensation of employees and remuneration of directors paid and the amounts recognized in the consolidated financial statements for the years ended December 31, 2024 and 2023.

Information on the compensation of employees and remuneration of directors resolved by the Company's board of directors is available on the Market Observation Post System website of the Taiwan Stock Exchange.

20. INCOME TAXES RELATING TO CONTINUING OPERATIONS

a. Major components of tax expense recognized in profit or loss

	<u>For the Year Ended December 31</u>	
	2025	2024
Current tax		
In respect of the current year	\$ 232,547	\$ 137,062
Deferred tax effect of earnings of subsidiaries	8,209	-
Adjustments for prior years	<u>(34,833)</u>	<u>(12,926)</u>
	<u>205,923</u>	<u>124,136</u>
Deferred income tax		
In respect of the current year	<u>28,597</u>	<u>88,205</u>
Income tax expense recognized in profit or loss	<u>\$ 234,520</u>	<u>\$ 212,341</u>

Reconciliation of accounting profit and income tax expense is as follows:

	<u>For the Year Ended December 31</u>	
	2025	2024
Profit before tax from continuing operations	<u>\$ 975,788</u>	<u>\$ 778,768</u>
Income tax expense calculated at the statutory rate	\$ 230,690	\$ 136,901
Adjustment to expense in determining taxable income	1,857	161
The origination and reversal of temporary differences	28,597	88,205
Deferred tax effect of earnings of subsidiaries	8,209	-
Adjustments for prior years' tax profit	<u>(34,833)</u>	<u>(12,926)</u>
Income tax expense recognized in profit or loss	<u>\$ 234,520</u>	<u>\$ 212,341</u>

The applicable tax rate used by subsidiaries of the Group in China was 25%. (Kunshan Eson Precision Engineering Co., Ltd gets a preferential tax rate of 15% for acquiring a high-tech enterprise from 2023 to 2025.) The applicable tax rate used by subsidiaries of the Group in Mexico was 30%, the applicable tax rate used by subsidiaries of the Group in Singapore was 17%, and the applicable tax rate used by subsidiaries of the Group in Vietnam was 20%.

b. Current tax assets and liabilities

	<u>December 31</u>	
	<u>2025</u>	<u>2024</u>
Current tax assets		
Prepayments for taxes (recorded as other non-current assets)	\$ <u>9,469</u>	\$ <u>21,648</u>
Current tax liabilities		
Income tax payable	\$ <u>247,339</u>	\$ <u>192,948</u>

c. Deferred tax assets and liabilities

The movements of deferred tax liabilities were as follows:

2025

Deferred Tax Assets	Opening Balance	Recognized in Profit or Loss	Exchange Differences	Closing Balance
Temporary differences				
Unrealized foreign exchange losses	\$ <u>364</u>	\$ <u>1,419</u>	\$ <u>-</u>	\$ <u>1,783</u>
Deferred Tax Liabilities	Opening Balance	Recognized in Profit or Loss	Exchange Differences	Closing Balance
Temporary differences				
Unappropriated earnings of subsidiaries	\$ 154,575	\$ 23,918	\$ (6,197)	\$ 172,296
Property, plant and equipment	176,732	6,098	(7,255)	175,575
Others	<u>399</u>	<u>-</u>	<u>32</u>	<u>431</u>
	<u>\$ 331,706</u>	<u>\$ 30,016</u>	<u>\$ (13,420)</u>	<u>\$ 348,302</u>

2024

Deferred Tax Assets	Opening Balance	Recognized in Profit or Loss	Exchange Differences	Closing Balance
Temporary differences				
Unrealized foreign exchange losses	\$ <u>-</u>	\$ <u>364</u>	\$ <u>-</u>	\$ <u>364</u>
Deferred Tax Liabilities	Opening Balance	Recognized in Profit or Loss	Exchange Differences	Closing Balance
Temporary differences				
Unappropriated earnings of subsidiaries	\$ 110,071	\$ 36,287	\$ 8,217	\$ 154,575
Property, plant and equipment	115,212	52,613	8,907	176,732
Unrealized foreign exchange gains	331	(331)	-	-
Others	<u>397</u>	<u>-</u>	<u>2</u>	<u>399</u>
	<u>\$ 226,011</u>	<u>\$ 88,569</u>	<u>\$ 17,126</u>	<u>\$ 331,706</u>

- d. Information about unused loss carryforwards for which no deferred tax assets have been recognized in the consolidated balance sheets:

	<u>December 31</u>	
	<u>2025</u>	<u>2024</u>
Loss carryforwards		
Expiry in 2025	\$ -	\$ 29,707
Expiry in 2026	11,907	11,907
Expiry in 2027	3,932	3,932
Expiry in 2028	35,265	35,265
Expiry in 2029	<u>19,416</u>	<u>-</u>
	<u>\$ 70,520</u>	<u>\$ 80,811</u>

- e. Income tax assessments

The income tax returns of the Company's branch, Eson Precision Ind. Co., Ltd. Taiwan Branch, have been examined and approved by the tax authorities for the year through 2022.

21. EARNINGS PER SHARE

Unit: NT\$ Per Share

	<u>For the Year Ended December 31</u>	
	<u>2025</u>	<u>2024</u>
<u>Net profit for the year (in thousands)</u>		
Net profit used in the computation of basic earnings per share	<u>\$ 741,268</u>	<u>\$ 566,427</u>
<u>Number of shares (in thousands)</u>		
Weighted average number of ordinary shares used in the computation of basic earnings per share	168,529	168,529
Effects of potentially dilutive ordinary shares		
Compensation of employees	<u>518</u>	<u>598</u>
Weighted average number of ordinary shares used in the computation of diluted earnings per share	<u>169,047</u>	<u>169,127</u>
<u>Earnings per share (in dollars)</u>		
Basic earnings per share	<u>\$ 4.40</u>	<u>\$ 3.36</u>
Diluted earnings per share	<u>\$ 4.38</u>	<u>\$ 3.35</u>

The Group may settle compensation paid to employees in cash or shares; therefore, the Group assumes that the entire amount of the compensation will be settled in shares, and the resulting potential shares are included in the weighted average number of shares outstanding used in the computation of diluted earnings per share, as the effect is dilutive. Such dilutive effect of the potential shares is included in the computation of diluted earnings per share until the number of shares to be distributed to employees is resolved in the following year.

22. NON-CASH TRANSACTIONS

For the years ended December 31, 2025 and 2024, the Group entered into the following non-cash investing and financing activities:

	<u>For the Year Ended December 31</u>	
	2025	2024
Investing and financing activities that have no effect on the cash flows		
Cumulative translation adjustments	<u>\$ 93,416</u>	<u>\$ (26,897)</u>
Acquisition of property, plant and equipment by cash		
Increase in property, plant and equipment during the year	\$ 324,939	\$ 493,072
Add: Payables for equipment on January 1	95,249	56,594
Less: Payables for equipment on December 31	<u>(101,197)</u>	<u>(95,249)</u>
Acquisition of property, plant and equipment by cash	<u>\$ 318,991</u>	<u>\$ 454,417</u>

23. CAPITAL MANAGEMENT

The Group manages its capital to ensure it has sufficient necessary financial resources and operational plan to meet the needs of operating funds, capital expenditures, debt repayments and dividend distribution within the next 12 months.

24. FINANCIAL INSTRUMENTS

- a. Fair value of financial instruments that are not measured at fair value

The carrying amounts of financial assets and financial liabilities not measured at fair value in the consolidated financial statements approximate their fair values.

- b. Fair value of financial instruments measured at fair value on a recurring basis

- 1) Fair value hierarchy

December 31, 2025

	Level 1	Level 2	Level 3	Total
Financial assets at fair value through other comprehensive income				
Foreign unlisted shares	<u>\$ -</u>	<u>\$ -</u>	<u>\$ 4,944</u>	<u>\$ 4,944</u>

December 31, 2024

	Level 1	Level 2	Level 3	Total
Financial assets at fair value through other comprehensive income				
Foreign unlisted shares	\$ _____ -	\$ _____ -	\$ <u>5,043</u>	\$ <u>5,043</u>

2) Valuation techniques and inputs applied for Level 3 fair value measurement

The fair values of unlisted equity securities were determined using the market approach. The significant unobservable inputs are the liquidity discount of multiplier of price-book ratio. An increase in price-book ratio would result in an increase in the fair value. An increase in liquidity discount would result in a decrease in the fair value.

c. Categories of financial instruments

	December 31	
	2025	2024
<u>Financial assets</u>		
Financial assets at amortized cost		
Cash and cash equivalents	\$ 4,540,187	\$ 3,017,321
Financial assets at amortized cost - current	33,906	52,583
Notes receivable	9,872	12,201
Trade receivables	1,637,431	2,267,004
Trade receivables from related parties	205,963	198,167
Other receivables	24,865	56,626
Refundable deposits	17,925	16,599
Financial assets at amortized cost - non-current		
Investments in equity instruments at FVTOCI - non-current	4,944	5,043
<u>Financial liabilities</u>		
Financial liabilities at amortized cost		
Short-term borrowings	691,460	655,700
Trade payables	2,466,616	2,112,302
Trade payables to related parties	19,205	11,058
Other payables	1,057,719	1,096,956
Current portion of long-term borrowings	333,158	170,443
Long-term borrowings	-	347,521
Guarantee deposits	40,156	41,635

d. Financial risk management objectives and policies

The Group's major financial instruments include cash and cash equivalents, financial assets at amortized cost - current, notes receivable, and trade receivables, etc.

The Group did not trade financial instruments, including derivative financial instruments, for speculative purposes.

1) Market risk

The Group's operating activities exposed it primarily to the financial risks of changes in foreign currency exchange rates and interest rates.

a) Foreign currency risk

The carrying amounts of the Company's foreign currency denominated monetary assets and monetary liabilities, including monetary items which are offset and valued in non-functional currency on the consolidated financial statements.

Sensitivity analysis

The Group was mainly exposed to fluctuations of the RMB and U.S. dollar currency pair.

The following table details the Company's sensitivity to a 1% increase and decrease in the RMB against the U.S. dollar. The sensitivity analysis included borrowings within the Group and the borrowings are not evaluated at the functional currencies of creditors and debtors. A negative number below indicates an increase in pre-tax profit associated with the RMB strengthening 1% against the U.S. dollar. For a 1% weakening of RMB against the U.S. dollar, there would be an equal and opposite impact on pre-tax profit and the balances below would be negative.

	Impact of U.S. Dollars	
	For the Year Ended December 31	
	2025	2024
Profit or loss*	\$ 17,848	\$ 24,286

* This was mainly attributable to the exposure outstanding on U.S. dollar - denominated trade receivables, other receivables, trade payables and other payables which were not hedged at the end of the reporting period.

b) Interest rate risk

Interest rate risk refers to the risk of changes in the fair values of financial instruments arising from the changes in market rates. The Group's interest rate risk arises primarily from floating rate borrowings.

Short-term and long-term borrowings which the Company entered into are at floating rates. The carrying amounts of the Group's financial liabilities with exposure to interest rates at the end of the reporting period were as follows:

	December 31	
	2025	2024
Cash flow interest rate risk		
Financial liabilities	\$ 1,024,618	\$ 1,173,664

The sensitivity analysis below was determined based on the fluctuations in fair value of the Group's variable-rate borrowings at the end of the reporting period. If interest rates had been higher/lower by one percentage, the Group's cash flows for the years ended December 31, 2025 and 2024 would have decreased/increased by \$10,246 thousand and \$11,737 thousand, respectively.

2) Credit risk

Credit risk refers to the risk that a counterparty will default on its contractual obligations resulting in a financial loss to the Group. At the end of the reporting period, the Group's maximum exposure to credit risk, which would cause a financial loss to the Group due to the failure of the counterparty to discharge its obligation and due to the financial guarantees provided by the Group, could be equal to the carrying amount of the financial assets as stated in the balance sheets.

The Group adopted a policy of only dealing with creditworthy counterparties that are rated the equivalent of investment grade and above. The Group uses other publicly available financial information and its own trading records to rate its major customers. The Group's exposure and the credit ratings of its counterparties are continuously monitored and the aggregate value of transactions concluded is spread among approved counterparties, and credit exposure is controlled by counterparty limits that are reviewed and approved regularly.

The Group transacts with a large number of customers spread across diverse industries and geographical locations. The Group continuously monitors and assesses the financial conditions of customers with trade receivables due.

Apart from Company C, the largest customer, the Group did not have significant credit risk exposure to any single counterparty or any group of counterparties having similar characteristics. The receivables from Company C amounted to \$761,445 thousand and \$968,942 thousand as of December 31, 2025 and 2024, respectively.

3) Liquidity risk

The Group manages liquidity risk by monitoring and maintaining a level of cash and cash equivalents deemed adequate to finance the Group's operations and mitigate the effects of fluctuations in cash flows. In addition, management monitors the utilization of bank borrowings and ensures compliance with loan covenants.

a) Liquidity and interest rate risk table

The following table details the Group's remaining contractual maturities for its non-derivative financial liabilities with agreed repayment periods. The table has been drawn up based on the undiscounted cash flows of financial liabilities from the earliest date on which the Group can be required to pay. The table includes both interest and principal cash flows.

Specifically, bank loans with a repayment on demand clause were included in the earliest time band regardless of the probability of the banks choosing to exercise their rights. The maturity dates for other non-derivative financial liabilities were based on the agreed repayment dates.

To the extent that interest flows are at floating rates, the undiscounted amount was derived from the interest rate curve at the end of the reporting period.

December 31, 2025

	Weighted- Average Effective Rate (%)	On Demand or Less than 1 Month	1-3 Months	Over 3 Months to 1 Year	Over 1 year
<u>Non-derivative financial liabilities</u>					
Variable interest rate instruments	4.47	\$ 62,860	\$ 628,600	\$ 333,158	\$ -
Lease liabilities	8.54	<u>4,100</u>	<u>8,240</u>	<u>38,450</u>	<u>18,670</u>
		<u>\$ 66,960</u>	<u>\$ 636,840</u>	<u>\$ 371,608</u>	<u>\$ 18,670</u>

Additional information about the maturity analysis for above financial liabilities

	Less than 1 Year	1-5 Years
Lease liabilities	\$ 54,489	\$ 19,333
Variable interest rate instruments	<u>1,041,202</u>	<u>-</u>
	<u>\$ 1,095,691</u>	<u>\$ 19,333</u>

December 31, 2024

	Weighted- Average Effective Rate (%)	On Demand or Less than 1 Month	1-3 Months	Over 3 Months to 1 Year	Over 1 year
<u>Non-derivative financial liabilities</u>					
Variable interest rate instruments	5.43	\$ 131,140	\$ 524,560	\$ 170,443	\$ 347,521
Lease liabilities	8.29	<u>4,051</u>	<u>8,186</u>	<u>37,077</u>	<u>64,845</u>
		<u>\$ 135,191</u>	<u>\$ 532,746</u>	<u>\$ 207,520</u>	<u>\$ 412,366</u>

Additional information about the maturity analysis for above financial liabilities

	Less than 1 Year	1-5 Years
Lease liabilities	\$ 59,064	\$ 72,908
Variable interest rate instruments	<u>1,093,837</u>	<u>375,422</u>
	<u>\$ 1,152,901</u>	<u>\$ 448,330</u>

The amounts included above for variable interest rate instruments for both non-derivative financial assets and liabilities are subject to change if changes in variable interest rates differ from those estimates of interest rates determined at the end of the reporting period.

b) Financing limit

	<u>December 31</u>	
	2025	2024
Bank credit limit		
Amount used	\$ 1,024,618	\$ 1,173,664
Amount unused	<u>4,325,331</u>	<u>4,828,636</u>
	<u>\$ 5,349,949</u>	<u>\$ 6,002,300</u>

25. TRANSACTIONS WITH RELATED PARTIES

Transactions, balances, revenue and expenses between the Company and its subsidiaries, which are related parties of the Company, have been eliminated upon consolidation and are not disclosed in this note. Details of transactions between the Group and other related parties are disclosed below.

- a. The names and the relationships of related parties

<u>Name of Related Party</u>	<u>Relationship with the Company</u>
Tsai Chia Hsiang	The chairman of company
Hon Hai Precision Industry Co., Ltd. and its subsidiaries (Hon Hai and its subsidiaries)	Investor company and its subsidiaries that account for the Company using the equity method

- b. Operating transactions

Sales of Goods	<u>For the Year Ended December 31</u>	
	2025	2024
Hon Hai and its subsidiaries	<u>\$ 1,001,126</u>	<u>\$ 1,029,508</u>

Price and terms of sales were determined in accordance with mutual agreements.

Purchase of Goods	<u>For the Year Ended December 31</u>	
	2025	2024
Hon Hai and its subsidiaries	<u>\$ 118,583</u>	<u>\$ 44,423</u>

Price and terms of purchase were determined in accordance with mutual agreements.

Balances of receivables from related parties at the end of the reporting period are as follows:

Trade Receivables	<u>December 31</u>	
	2025	2024
Hon Hai and its subsidiaries	<u>\$ 205,963</u>	<u>\$ 198,167</u>

Other Receivables	<u>December 31</u>	
	2025	2024
Hon Hai and its subsidiaries	<u>\$ -</u>	<u>\$ 1,970</u>

For the years ended December 31, 2025 and 2024, no impairment loss was recognized for receivables from related parties.

Balances of payables to related parties at the end of the reporting period are as follows:

Trade Payables	<u>December 31</u>	
	2025	2024
Hon Hai and its subsidiaries	<u>\$ 19,205</u>	<u>\$ 11,058</u>

Other Payables	December 31	
	2025	2024
Hon Hai and its subsidiaries	\$ <u>7,957</u>	\$ <u>8,799</u>

The balances of outstanding payables to related parties are unsecured and will be paid by cash. No guarantees are held on receivables from related parties.

Other payables mainly refer to collection and payment, rent and human resource expense, etc.

c. Lease arrangements - the Group as lessee

Category of Related Party	December 31	
	2025	2024
<u>Acquisition of right-of-use assets</u>		
Tsai Chia Hsiang	\$ <u>-</u>	\$ <u>5,711</u>

Line Item	Related Party Category/Name	December 31	
		2025	2024
Lease liabilities	Tsai Chia Hsiang	\$ 3,455	\$ 5,004
	Hon Hai and its subsidiaries	<u>-</u>	<u>5,889</u>
		<u>\$ 3,455</u>	<u>\$ 10,893</u>

d. Lease arrangements - the Group as lessor

Assets leased under operating leases

The Group leases out Eson (VN)'s part of buildings and land in right-of-use assets to Hon Hai and its subsidiaries under operating leases with lease terms of 3 years. The rent is based on the rental level of similar assets and is paid quarterly according to the lease agreement as a fixed lease payment.

Operating Lease Prepayments	December 31	
	2025	2024
Hon Hai and its subsidiaries	\$ <u>1,175</u>	\$ <u>1,279</u>

Future Lease Payments Receivable	December 31	
	2025	2024
Hon Hai and its subsidiaries	\$ <u>15,250</u>	\$ <u>27,086</u>

Lease Income	December 31	
	2025	2024
Hon Hai and its subsidiaries	\$ <u>14,220</u>	\$ <u>15,414</u>

e. Remuneration of key management personnel

	For the Year Ended December 31	
	2025	2024
Short-term employee benefits	\$ 37,323	\$ 34,762
Post-employment benefits	<u>320</u>	<u>380</u>
	<u>\$ 37,643</u>	<u>\$ 35,142</u>

The remuneration of directors and other key executives was determined by the remuneration committee based on the performance of individuals and market trends.

26. ASSETS PLEDGED AS COLLATERAL OR FOR SECURITY

The following assets were provided as collateral for the tariffs of import/export, as guarantee deposits for electricity and short-term borrowings:

	December 31	
	2025	2024
Pledge deposits (classified as financial assets at amortized cost)	<u>\$ 11,548</u>	<u>\$ 11,249</u>

27. SIGNIFICANT CONTINGENT LIABILITIES AND UNRECOGNIZED COMMITMENTS

In addition to those disclosed in other notes, significant commitments and contingencies of the Group as of December 31, 2025 and 2024 were as follows:

a. Unrecognized commitments of the Group are as follows:

	December 31	
	2025	2024
Acquisition of property, plant, machine equipment and intangible assets	<u>\$ 500,785</u>	<u>\$ 372,750</u>

b. Suntool Co., Ltd. had a product dispute with its client, leading to the possibility of US\$300 thousand in uncollectible accounts receivable. Furthermore, the client of Suntool's client demanded an additional compensation for damage that amounted to CAD4,000 thousand, and the litigation is still going. Suntool Co., Ltd. has recognized a full impairment loss for the total amount of receivables. In addition, Suntool Co., Ltd. assessed that compensation is very unlikely to occur and thus did not assess the related losses. Suntool Co., Ltd. obtained the documentation for the approval of dissolution on October 23, 2018 which approved the dissolution on September 18, 2018 after related debt declaration and dissolution procedures were completed.

28. SIGNIFICANT LOSSES FROM DISASTERS

No such situation had taken place.

29. OTHER ITEMS

No such situation had taken place.

30. SIGNIFICANT EVENTS AFTER THE REPORTING PERIOD

No such situation had taken place.

31. SEPARATELY DISCLOSED ITEMS

a. Information about significant transactions and investees:

- 1) Financing provided to others (Table 1)
- 2) Endorsements/guarantees provided (None)
- 3) Significant marketable securities held (excluding investments in subsidiaries, associates and joint ventures) (Table 2)
- 4) Total purchases from or sales to related parties amounting to at least NT\$100 million or 20% of the paid-in capital (Table 3)
- 5) Receivables from related parties amounting to at least NT\$100 million or 20% of the paid-in capital (Table 4)
- 6) Others: Intercompany relationships and significant intercompany transactions (Table 5)
- 7) Information on investees (Table 6)

b. Information on investments in mainland China

- 1) Information on any investee company in mainland China, showing the name, principal business activities, paid-in capital, method of investment, inward and outward remittance of funds, ownership percentage, net income of investees, investment income or loss, carrying amount of the investment at the end of the period, repatriations of investment income, and limit on the amount of investment in the mainland China area (Table 7)
- 2) Any of the following significant transactions with investee companies in mainland China, either directly or indirectly through a third party, and their prices, payment terms, and unrealized gains or losses: (Not applicable)
 - a) The amount and percentage of purchases and the balance and percentage of the related payables at the end of the period
 - b) The amount and percentage of sales and the balance and percentage of the related receivables at the end of the period
 - c) The amount of property transactions and the amount of the resultant gains or losses
 - d) The balance of negotiable instrument endorsements or guarantees or pledges of collateral at the end of the period and the purposes

- e) The highest balance, the end of period balance, the interest rate range, and total current period interest with respect to financing of funds
- f) Other transactions that have a material effect on the profit or loss for the period or on the financial position, such as the rendering or receipt of services

32. SIGNIFICANT ASSETS AND LIABILITIES DENOMINATED IN FOREIGN CURRENCIES

The significant assets and liabilities denominated in foreign currencies were as follows:

	December 31					
	2025			2024		
	Foreign Currency	Exchange Rate	New Taiwan Dollars	Foreign Currency	Exchange Rate	New Taiwan Dollars
<u>Financial assets</u>						
Monetary items						
USD	\$ 58,243	7.03 (USD:RMB)	\$ 1,830,567	\$ 75,065	7.19 (USD:RMB)	\$ 2,461,006
<u>Financial liabilities</u>						
Monetary items						
USD	1,456	7.03 (USD:RMB)	45,767	988	7.19 (USD:RMB)	32,392

33. SEGMENT INFORMATION

The chief operating decision maker considers the design, development, manufacture and sales segments of products such as mold, plastic, and hardware goods as individual operating segments. However, these individual operating segments will be aggregated into a single operating segment when preparing the consolidated financial statements as operating profit or loss is measured and is the basis of performance assessment, and the basis of measurement is the same as the basis used in preparing the consolidated financial statements. For revenue and operating results of related segments, refer to the consolidated statements of comprehensive income.

a. Revenue from major products and services

The following is an analysis of the Group's revenue from continuing operations from its major products and services.

	<u>For the Year Ended December 31</u>	
	2025	2024
Automobile mechanical parts	\$ 7,005,710	\$ 7,560,337
Network communication mechanical parts	2,719,046	3,396,745
Mechanical components for consumer electronics	1,733,261	1,875,900
Others	<u>622,384</u>	<u>261,349</u>
	<u>\$ 12,080,401</u>	<u>\$ 13,094,331</u>

b. Geographical information

The Group operates in two principal geographical areas - China, Asia and the Americas.

The Group's revenue from continuing operations from external customers by location of operations and information about its non-current assets by location of assets are detailed below.

	Revenue from External Customers		Non-current Assets	
	For the Year Ended December 31		December 31	
	2025	2024	2025	2024
China	\$ 1,940,852	\$ 526,617	\$ 710,248	\$ 793,129
Americas	8,779,446	9,232,127	2,045,323	1,926,159
Asia	117,258	231,757	1,526,386	1,673,505
Others	<u>1,242,845</u>	<u>3,103,830</u>	<u>962,183</u>	<u>1,049,653</u>
	<u>\$ 12,080,401</u>	<u>\$ 13,094,331</u>	<u>\$ 5,244,140</u>	<u>\$ 5,442,446</u>

Non-current assets exclude financial assets and deferred tax assets.

c. Information about major customers

Single customers contributing 10% or more to the Group's revenue on the statements of comprehensive income for the years ended 2025 and 2024 were as follows:

	For the Year Ended December 31	
	2025	2024
Customer C	<u>\$ 6,185,970</u>	<u>\$ 6,849,506</u>
Customer E	<u>\$ 1,787,083</u>	<u>\$ 2,460,878</u>

2. Limit on investments in mainland China: Not applicable.

Note 1: Investment methods are classified into the following three categories:

- a. Directly invest in a company in mainland China.
- b. Indirect investment in an investee in mainland China through investment in a holding company registered in a third area (the holding company registered in the third area is specified).
- c. Other methods.

Note 2: The investment gain (loss) recognized is based on the audited financial statements of the investee company.

Note 3: It refers to the amount invested by the holding companies registered in a third area.
